Instructions:

Read all instructions before beginning your project. Refer to photo for placement.

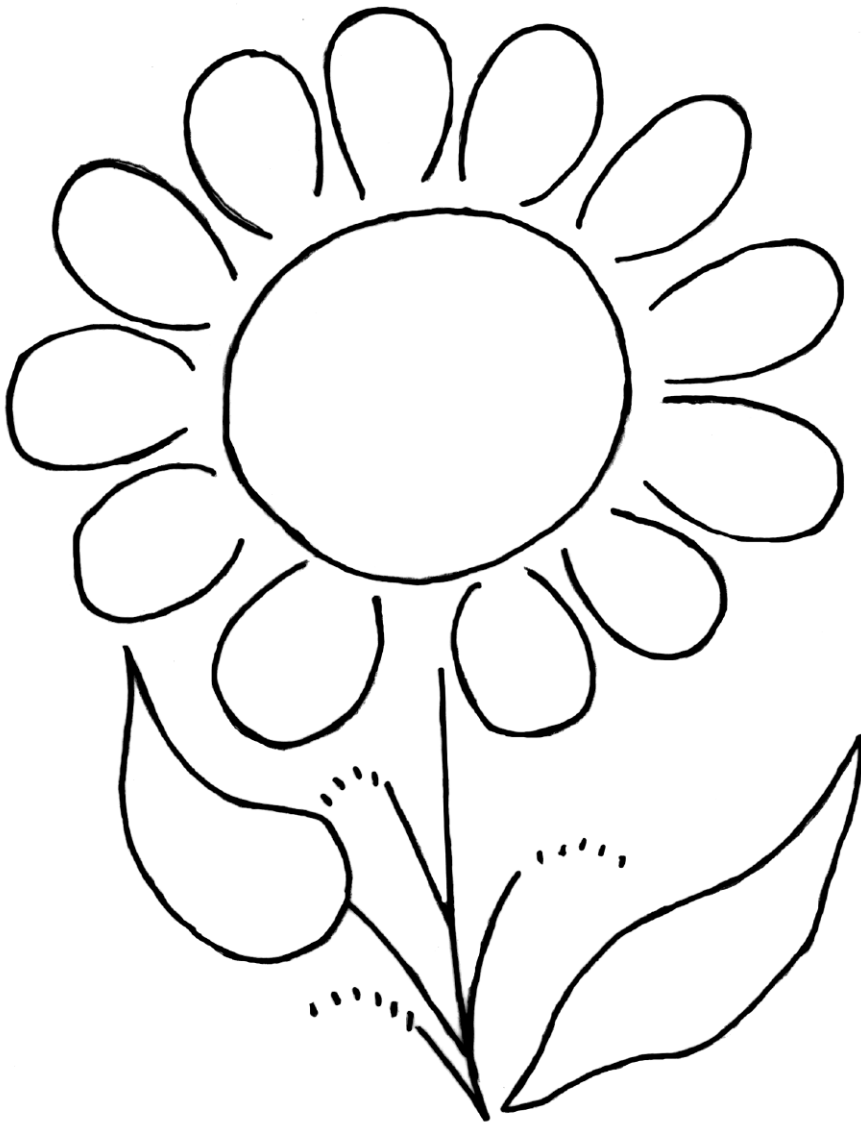

1. Place cardboard inside bag for a firm surface and transfer flower pattern onto bag.

2. Paint flower center and petals, leaves and stem, using the photo as a guide for color placement. *Note: The petals do not extend all the way to the flower center. Paint the petals yellow and the center golden brown. Add other colors while this paint is still wet.*

3. Dots around the flower center and on the overall bag are made with the end of your brush handles. For varying size dots on the flower center do not reload the brush for every dot. Add small orange dots off of the stem using the fabric stylus.

4. When paint is dry glue trim onto bag 1" down from the top edge. Start gluing on the back of the bag, near the side seam. Overlap trim slightly to finish.

5. Use fabric marker to rough outline petals and leaves.
