

Dome Round

Series 272, Sizes: XS, S, M, L

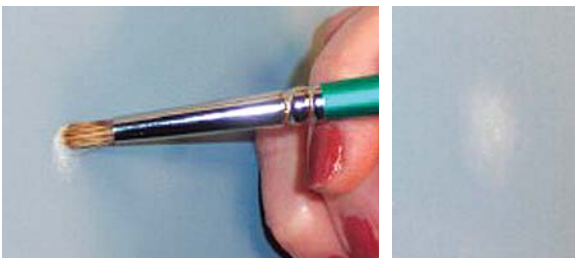

For decorative artist Arlene Beck, MDA, the natural hair Dome Round is her brush of choice for highlighting and blending when painting fruit, flowers, faces, etc.

1. Apply extender to area to be highlighted. Then, use liner brush to apply a dot of paint.

2. Press brush over dot of paint. Do not pounce.

3. Finish by backing off.

4. For large areas apply paint in an irregular star shape. Soften starting at outside edge. Soften center last. *Note: If you have too much paint on your brush, dry wipe on damp towel area.*

5. To shade or lighten the edge of an object, use extender, apply paint, pull and soften the edge.

Tin Star Snowman:

Cheeks, highlights behind the snowflakes & on the hat were all painted using the Dome Round.
